## **CRS REPORT FOR CONGRESS: THE LEGISLATIVE PROCESS ON THE HOUSE FLOOR: AN INTRODUCTION: OCTOBER 2, 2003 - 95-563 (PAPERBACK)**

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.With very few exceptions, the House determines and enforces its own procedures for considering legislation on the floor. Its standing rules include several alternative sets of procedures for acting on individual bills and resolutions. The choices made among these procedures usually depend on how important and controversial each measure is. In general, though, all these procedures permit a majority of Members to work their will without excessive delays. The House passes many bills by motions to suspend the rules, with limited debate and no floor amendments, but only with the support of at least two-thirds of the Members voting. The Corrections Calendar also enables the House to act expeditiously on bills that enjoy widespread support. Most major bills first are considered in Committee of the Whole before being passed by a simple majority vote of the House. The Committee of the Whole is governed by more flexible procedures than the basic rules of the House, under which a majority can vote to pass a bill after only one hour of debate and with no floor amendments. The Rules Committee is instrumental in recommending procedures for considering major bills, and may propose restrictions on the floor amendments that Members can offer. .
