

Star Wars Psychology: Dark Side of the Mind

By Travis Langley

Sterling Publishing Co Inc. Paperback. Book Condition: new. BRAND NEW, Star Wars Psychology: Dark Side of the Mind, Travis Langley, From its very first frame, the Star Wars series created a compelling universe, with complex characters and engaging storytelling. In advance of the highly anticipated new movie, Star Wars: Episode VII - The Force Awakens, this essay collection offers a fascinating and unauthorized psychological analysis of every aspect of George Lucas's richly rendered world. A group of expert contributors, edited by Travis Langley, examines such topics as family ties, Jedi qualities, masculinity, girl power, and the values embodied in both the "dark" and "light" sides of these always-spellbinding films.

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
